NO OTHER OPTIONS AVAILABLE

Cheapo Sheds

Our Cheapo line of Sheds is built on the same assembly line using the same highly skilled personnel as our other high quality buildings, in most cases using the same or similar materials.

We recognize that every buyer is not interested in having a storage shed built like their home and offering many appearance features... They only want STORAGE.

We build the Cheapo Shed for that Customer.

We buy multiple truckloads of sheet metal and wood products every week. Some of that metal may have minor handling or shipping mishaps. The lumber, may have a little bark still showing from the milling process, may not be perfectly straight or maybe a check (small crack)but still be grade 1 or 2, it will never affect the service life of the building. This type of lumber is culled when building our regular line causing waste and affecting cost. From time to time we can buy sheet metal with minor flaws or with limited or discontinued colors. We use these appearance defects in the Cheapo Sheds to deliver an inexpensive alternative to our regular building lines.

Warranty

Cheapo Sheds have a one year construction workmanship warranty. This includes workmanship issues that cause/allow water leaks.

There is no warranty for appearance issues (minor scratches or any issue that does not affect the intended use or service life of the product.

There is no coverage for any loss caused by storm, fire, Acts of God, intentional or accidental misuse or damage or a result of lack of maintenance.

There is no coverage for loss of any item stored in or around the building.

There are no other warranties on this series of buildings.
